## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2018-19)

#### School Mission Statement:

Polaris High School's mission is to provide safe and individualized support to students who need an alternative setting. Through instruction that is based on the current state-adopted standards, we help our students improve their academic and social skills so they can think critically, communicate appropriately, navigate life responsibly, and strive for advancement.

#### General Information:

Polaris High School is a voluntary alternative educational placement for students who would benefit from a flexible academic schedule. Students enter the independent studies program throughout the academic year with varying skills and deficiencies; therefore, the programs offered at Polaris do not follow the traditional 18-week, two-semester model. The flexible schedule allows the students to work at different paces and to complete courses at different times. Polaris students are each assigned to a supervising teacher and instruction is tailored to the student's needs. Students must meet the District's minimum graduation requirements of 220 credits to earn a high school diploma. Completed coursework must include the District's requirements of: English 1-4, U.S. History, World History, Government, Economics, Math 3, Math 4, Math 5, Introduction to Functions, Earth Science, Biology, Art, as well as Computer Ethics, PE, Health, and electives. Targeted instruction is offered via APEX online courses and ALEKS supplementary coursework. Career Technical Education (CTE) courses include accounting, wood, law and legal, culinary arts, and masonry.

#### Highlights:

Polaris teachers have all been trained in APEX and now offer online classes as well as the traditional independent study coursework. Students can attend Polaris on the Trident Campus or at the District's recently opened independent study centers at Kennedy and Katella high schools.

#### Demographic Information:

Annual enrollment at Polaris fluctuates throughout the year but typically ranges between 30 to 35 students per teacher. A September 12, 2018 snapshot showed enrollment at 91, in which 69.2% were socioeconomically disadvantaged, 13.2% were English Learners, and 19.8% were McKinney-Vento. In addition, the majority of students were Hispanic (56%) and female (67%).

### School Facility Conditions and Planned Improvements (Most Recent Year)

Polaris High School is located on the Trident Educational Center at 1800 W. Ball Road, and shares the campus with Gilbert High School and Community Day School.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

The most recent site inspection was completed on October 23, 2014.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	40.0	21.0	46.0	44.0	48.0	50.0
Mathematics (grades 3-8 and 11)	6.0	7.0	28.0	27.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	69	33	47.83	21.21

Socioeconomically Disadvantaged	56	24	42.86	20.83
English Learners	16	8	50.00	0.00

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

Parents are required to meet with their student's supervising teacher once each semester to review their student's individual learning plan and sign a master agreement. Family orientation nights are held at the beginning of each semester and on-campus events, such as Back to School Night, Open House, and an awards and talent show, are held throughout the year. Parents/family members are invited to join the English Learner Advisory Committee (ELAC), the School Site Council (SSC), and other committee meetings to provide input on school policies and procedures. SSC members help write the annual school plan and the family engagement policy. Our full-time, bilingual Family and Community Engagement specialist (FACE) addresses parent needs and conducts family participation events. Parents/family members receive home calls, text messages or emails in their preferred language through Teleparent, Blackboard Connect, and Remind to inform them of campus activities or incidents. In addition, all parents/family members have access to their student's progress through the Aeries (student information system) Parent Portal, which is available with instructions on the school website.

**Professional Development (Most Recent Three Years)**

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to two non-student days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in the Beginning Teacher Support and Assessment (BTSA) program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Anaheim High School has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.
